

MYSTERIOUS LIGHT

Mysterious light is leading me to your door,
I know that it's right from a flicker in my soul,
The stars are so bright we don't need the sun at all,
Need the sun at all.

Chorus:

I'm having trouble letting go,
I don't want to know what it's like to see you close the door,
I'm having trouble letting go,
I don't want to remember what my life was before,
I might be crazy but I didn't come all this way
To walk away.

Mysterious signs have led me to your feet
I know that it's right by the way you look at me
It's hard to believe but you are the shape of everything that I've dreamed
The shape of everything that I've dreamed

Repeat Chorus

To walk away from you,
When you're standing there like you do
I'm just trying to say

Mysterious sights are playing with my mind
I've seen you before but never in this light
I see in your face all the things I've never had the courage to say.

Repeat Chorus

I don't want to remember,
What my life was before.
